

# Don't buy - **borrow!**

**Join the Brunswick Tool Library in  
empowering the community**

**BTL is a volunteer-led initiative that provides the  
tools and education needed to repair and care for  
your home and belongings.**

**We believe everyone deserves the right to build  
and repair the things they own, not just those who  
can afford the tools.**

**You can also volunteer with us, which is a fulfilling  
way to give back. Help others while learning new  
skills.**

**Join us today!**
